Customer Acknowledgment

At Eastwood Craft Butcher, every animal is processed individually—we **never mix meat between customers or orders**. Before processing begins, Eastwood and the customer agree upon the received weight of the animal and confirm that cutting instructions, processing options, pricing, and expected yields have been communicated and understood.

By signing below, the customer acknowledges the received weight and confirms that their processing instructions have been accurately communicated and understood. Final packaged weight will vary due to removal of bone, damaged or unusable tissue, moisture loss, addition of optional meat products and ingredients, and the processing methods selected.

Pickup & Abandoned Product Policy

Because Eastwood Craft Butcher has very limited refrigerated and frozen storage space, completed orders must be picked up promptly.

Once processing is complete, Eastwood Craft Butcher will make up to three attempts to contact the meat owner using the phone number provided on this cut sheet. Customers are expected to pick up their completed order within **10 days** of our first notification attempt.

Beginning on day 11, a **\$10 per day storage fee** will be added to the customer's order for each additional day the product remains at Eastwood Craft Butcher.

Any meat or other product remaining at Eastwood Craft Butcher for more than **21 days** after our first notification attempt will be considered abandoned and may be disposed of at Eastwood Craft Butcher's discretion. Any accrued storage fees remain the responsibility of the customer. It is the customer's responsibility to provide an accurate phone number and arrange timely pickup of their order.

By signing below, the customer acknowledges the received weight, processing instructions, storage fees, and pickup and abandoned-product policies stated above.

Our goal is simple: respect the hunter and honor the animal.
